Central Beaverton NAC meeting minutes for April 5, 2010

ITEM DISCUSSED: Beaverton Police Department DATE: 4-5-2010

Discussion points: Beaverton Police overview of calls/activity for the month

There have been a lot of catalytic converter thefts in the area (for the metal); 2 people were arrested and charged with 13 counts. These kinds of thefts are costing people \$100-\$200 in repairs.

There is another document shredding day on April 17th, 10am-1pm. Since there are no signs letting you know that they are full or no longer taking documents, they suggest you arrive at least 30 minutes prior to closing or, better yet, before noon.

Regarding talk of a “new” gang from California in the area; we have the Latin Kings, but they have been here a while now. Their gang colors are all black. No knowledge of any other California gang in the area; at least in the last 30 days.

Sgt. Jim Shumway of the Beaverton Police Department has been named the new head of the Washington County Major Crime Team.

Beaverton PD is currently dealing with a rise in alarm calls, both business and residential.

There was discussion of an assault on a young woman at 6:35am at the Beaverton Transit Center off Canyon Rd. at 217 Hwy. An African-American male pulled a knife on her; not sure if he pulled her off the sidewalk or not but he threatened her, assaulted her and let her go. She went to work and called police. No resolution to this matter as of yet.

DATE: 4-5-2010

Discussion point: Erickson Creek Natural Area Project

Currently 2 homes have been taken down. What now needs to be done is to remove the parking lot between 2nd & Erickson, as well as removing and replanting trees. Old parking lot and two lots where homes stood will be ponds. Erickson Creek will remain intact, with pathways on both sides of Menlo.

Now the pond and the creek will handle the overflow of water from the heavy rains.

It will not replace the culvert on Farmington.

Vehicle traffic will not be affected

Construction should be a 90 day projected time of completion. Starting July 1st, 2010

Linda Brown, who lives in the area and uses current parking lot inquired if there will be another parking lot installed. There are no current plans to build a parking lot, but 20-30 spaces may go across the street at the old gas station. There is a 24 month maintenance plan included with the project.

There was some discussion of the Farmington Rd project and the replacing of the box culvert with a bridge at Menlo.
